## CHUTE

Guides are perfect for volume or on demand slicing.

With the adjustable loaf guides the bread can be move accurately to the bagger.

The crumb collector is at the front of the machine and is easy to lift out..

The traction lever helps push the last loaves into the slicing blades.

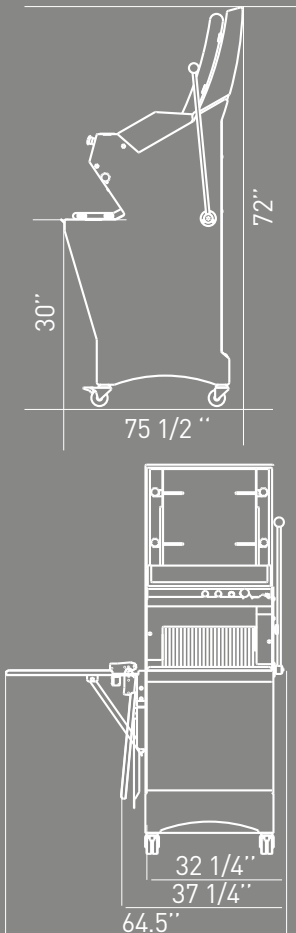

The blowing system automatically prepares the bag to open for the next loaf.

The ingenious system recloses the bagger-blower (option). This way, the Chute can be stored in a small space after use.
