

Esmach SPI F (Fixed Bowl) Spiral Mixer Line

THE HEART OF ARTISAN BAKERIES™

The Esmach line of fixed bowl mixers is the outcome of the company's long-standing experience and tradition in dough-kneading for bakery, pizzeria, and confectionary industries. Esmach has invested heavily in product technology and process research. This has resulted in precision manufactured products with structural strength, versatility, reliability, and ergonomic and aesthetically pleasing design, while maintaining a high standard for safety. From past to future success, Esmach is the standard that sets the bar.

Standard Features:

- Steel structure extended and strengthened to ensure machine rigidity for even the most heavy-duty work and to transfer to the dough all the mechanical energy developed by the tool.
- Outer casings epoxy painted with dual-cycle anti-corrosion treatment.
- Thermoformed ABS head cover with original design.
- Machine mounted on 3 wheels, with non-slip feet for stabilization and floor leveling.
- Stainless steel bowl with welded upper reinforced edge; the dividing blade and the spiral arm are also composed of stainless steel.
- Stainless steel grid and ABS cover to limit flour inhalation with the design complying with the most restrictive safety regula-
- ABS cover may be lifted after several minutes to add ingredients or observe mixing.
- Innovative flat cover top in scratch-resistant ABS, divided into two sections.
- Electrical power board contained in box protected to IP 55 for protection against flour dust and water spray.
- Direct power transmission generated by the rotation of both the spiral arm and the bowl, delivered by trapezoidal drive belts on multi-groove pulleys.
- Independent motors for the bowl and spiral for models from 60 to 200kg; single motors for 20 and 45kg.
- Two working speeds for spiral and one speed for bowl.
- Inversion of bowl rotation direction in first speed (except models 30kg and 45kg).
- Command console, functional and innovative, which rotates to left and right, with the operative range of 120°, providing optimal comfort and ergonomic operation in tight area.

Esmach SPI F

Models: Electrical:

30, 45, 60, 80, 100, 130, 160, 200 Dough Capacity: 4.4 lbs. min to 441 lbs. max 208-220V/3-PH/60hz/AMPs determined by individual model

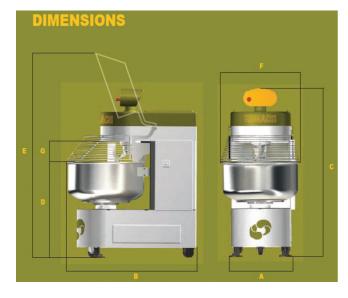

- With the keyboard panel in membrane electronic version, operator can select and monitor the working cycle in manual mode or automatic mode. Allowing the storage of up to 9 recipes.
- Electrical power supply for SPI F Line: 220V/3-PH/60HZ/AMPs vary by model.
- Single phase available on models up to SPI 60 F.
